DEN Schedule Change Information

by Emilee Guernsey, Editor-in-chief

As the second semester begins, the students in the hallways have begun to murmur about the new DEN schedule and the changes being made. An entire new school calendar is being released, and every day students' home DENs will be different.

The reason for these changes is because of a conflict with the amount of time spent in CTE, Career Technology Education, classes. If CP does not meet the state's requirements, they could lose funding for any CTE classes we offer.

"With our current schedule, we do not meet the number of required minutes," librarian Debby Barnes said. "Instead of extending the school day, we are modifying DEN so we meet the state CTE requirement while not losing our personalized DEN time."

Students will still be able to switch into different DEN tutorials when needed, but if a student does not use the DEN portal to switch, they will have to go to the home DEN that corresponds with the calendar and that student's schedule.

"The calendar just lets students know where they must go if they do not use the portal to schedule themselves elsewhere," Barnes said... (cont. at cphswolfpack.com)

Leads Felicity Jones and Diego Luna both perform really well, setting a new standard for lead actors in the series. The most well recognized celebrity in the film is Forest Whitaker, portraying an aggressive warlord trying to fight the growing Imperial presence on the moon, Jedha...(cont. at cphswolfpack.com)
